

ADA Bus and Paratransit Compliance Assessments

Federal Transit Administration

The Federal Transit Administration (FTA) is required to ensure that transit service providers (fixed route, demand responsive, and complementary paratransit) comply with the requirements of the Americans with Disabilities Act (ADA) and conducts grantee reviews.

Since 2000, the Collaborative has been conducting bus and paratransit ADA compliance reviews, including over 100 reviews of fixed route stop announcements, fixed route lift reliability and maintenance, and complementary paratransit service. The reviews encompass background work, on-site activities, development of reports, and follow-up monitoring.
